2. Catalog Number: 710000
3. Chemical Composition: Nitrocellulose membrane, fiber glass buffer, antibodies, and gold sol.

Normal Handling Procedures: Store at 15° to 30°C

Hazardous Information

In compliance with OSHA's Hazardous Communication Standard (29CFR1910.1200), a chemical mixture is considered hazardous if it contains 1% of a hazardous compound or > 0.1% of a carcinogen.

This product does not meet OSHA's definition of a hazardous material, therefore, a Material Safety Data Sheet is not required.

The statements contained herein are offered for informational purposes only and are intended to be followed only by persons having related technical skills and at their own risk. Since conditions and manner of use are outside our control, we make no warranties, express or implied, and assume no liability in connection with any use of this information.

Additional Information: Follow recommended storage conditions and good laboratory procedures. Read the package insert.
